Vitops Complete — bundle & save

Combine any IT & HR plan with two or more Digital Presence services and save 10% on the combined monthly total. One team, one bill, one number to call.

Something more one-off?

Not everything fits a monthly plan. Consulting, implementation, migrations, security reviews, systems rollouts, custom integrations, and other one-time projects are scoped and billed hourly. Ask us for our rate — we'll size the work plainly before anything begins.

The fine print, in plain language

- No long-term contracts — month-to-month, always
- No hidden fees — ad spend and one-time project costs are always itemized separately
- Every plan starts with a conversation, not a form into a void

Every business is different — these prices are a starting point for planning, and your actual quote depends on team size and scope. **Talk to us:** hi@vitops.ca · vitops.ca
